

# Use case identification

<p>What is the discipline or objective you have in mind? <i>E.g., improving interpersonal skills amongst client-facing employees</i></p>	<p>What problem are you looking to address? What are the learning goals?</p>
<p>Who is your target audience? <i>E.g., identify the people related to the discipline</i></p>	<p>What scenarios are related to the learning goals?</p>
<p>What does immersive technology add beyond traditional training methods to your scenarios?</p>	<p>How will you measure success with this use case?</p>
